Joomla London User Group (#JUGL) Monthly Meetup

Event - Joomla London User Group (#JUGL) Monthly Meetup ↻

Title	Joomla London User Group (#JUGL) Monthly Meetup
When	Tuesday 20th July, 19:00 - 21:00

Description

This month’s JUGL on July 20th 2021, will be focused on the latest Joomla 4.0 release. We’re gonna do a live update from 3.9.28 to 3.10 alpha 9 then a migration through to Joomla 4.0 RC4.

We’ll have Joomla! 4 setups ready and we’ll give you logins. All we ask is that you install the latest version of the modules, components, plugins that you use from day to day that say they are J4 ready so we can check that they work with Joomla! 4 and report back to the developers if they don’t.

That way we’ll speed up the delivery of Joomla! 4 and you can ensure all your extensions will work from day 1.

There will be a roundup of the Joomla month’s news. Phil might tease us some more with the release date for Joomla4. Then you are welcome to stay for the after social and chat about all things Joomla and not Joomla.
